Dear Applicant,

Thanks for your interest in joining the Matrix Family.

Why Matrix?

We're a fun team who work hard to achieve the aim of catalysing change for young people across Guildford Borough. We're passionate about building long-term relationships and providing activities within schools and the community that nurture, inspire, connect and empower young people, helping them make the most of their lives.

Right now we are investing into new projects as well as developing our more established ones and we're looking to grow a team who are keen to invest for the long-term, willing to put in the energy needed to make a tangible difference.

Why Guildford?

Don't be put off, thinking there are no needs amongst young people in Guildford, it's not what it seems on the surface. The needs of young people here are very real, amongst those who have, and those who don't – from mental health issues, to social isolation and from a lack of opportunities to poor life skills, for young people in Guildford life can be tough.

This year we have worked with over 300 unique young people on a regular basis, providing in-depth support for needs ranging from mental health to social and emotional development, and have impacted more than 1000 other young people across a range of activities and provision. Take a look at our latest newsletter to read some of our young people's stories!

Where does this role fit?

Our Community Youth Workers do face-to-face delivery as well as develop and improve provision. Focussing on key locations across the Borough, our provision responds to localised needs and works in collaboration with churches, schools and other organisations - the successful candidate will be creative and revel in playing a key role in both the development and the delivery. If you love a varied role, can take initiative and don't mind mucking in this could be the role for you.

Come and join the adventure!

Thanks again for taking time to look at our vacancies and I hope that you consider applying to become part of our growing team.

Kind regards,
